## REPORT OF FRIDAY MARKET

**Objective:** To give an exposure to students with regard to real business experience through earnings.

This report briefs the Friday market which became a great success. On 8<sup>th</sup> July 2022 it was the turn of 3<sup>rd</sup> Semester B. Com Finance A to conduct the event. The class brought different types of food items like doughnuts, samosa, parippuvada, juice, chocolates, organic honey, homemade pickles, and panipuri

Under the guidance of Joseph sir and Mini ma'am the class got everything arranged in a very well organized manner which was ready for the sale. During the break time there occurred a huge rush of students who came for the purchase of products. As though the students in the counter had gloves and their process of preparation were all well hygienic, this created an urge in the minds of students to purchase and have the products. The students took care to keep very affordable prices but also in a way where they can achieve a profit.

Many of the faculty members have purchased from the stores which made us all happy. Finally the market was closed after finishing all the sales. We had made a good profit out of it. The students who were part of the program were given their share of profit for the products. And the day came as our great success of that week.
