Report of Friday Market (II BCOM CA)
(An initiative under Earn While Learn)

Objective: To give an exposure to students with regard to real business experience through actual earnings.

Introduction

On 29th July 2022, the III semester BCOM CA coordinated the Friday market. The class brought different types of homemade and organic food items like homemade Veg cutlets and Ravaballs, Chocolates, Fruits, Pickles, Dahipuri, Marshmallow, Choconuts

Under the guidance of Mr. Joseph James and Dr. Fairouz Ashareff we arranged everything in a very well-organized manner. During break time there was a huge rush of students and teachers to purchase the products. As though the students at the counter had gloves and their preparation process was all hygienic, this created an urge in the minds of students to purchase and have the products. We sold the products in an affordable price but also in a way where we can achieve a profit from it.

Many of the faculty members have purchased from our stores which made us all happy. Finally, we closed the market after finishing all the sales. We made a reasonable profit out of it. The students who were part of the program were given their share of the profit for the products. And the day was a great success.
