PG DEPARTMENT OF ENGLISH IN ASSOCIATION WITH NIMIT LIBRARY

ACADEMIC YEAR 2022-2023

REPORT

The PG Department of English in association with the NIMIT library organized the second session of 'Moving Library' at the outskirts of the leprosy rehabilitation center twice in a month with a view to installing books, magazines, Journals, and newspapers to the public library in that arena. The seminal objective behind this deed is to create a culture of reading among the patients in order to get rid of their anxiety, stress, and mental illness on their various diseases. Mental fitness is just as important as physical fitness, and shouldn't be neglected. Including mental dexterity exercises into your daily routine can help you reap the benefits of a sharper mind and a healthier body for years to come. This exemplary gesture was able to be done with the tireless assistance they get from Head of the Department of English, faculties, and librarian of NIMIT by collecting used books, journals and magazines which are installed in the hospital's library. The students and the concerned faculty in charge frequently visit the library of Hospital, cross-check the arranged books, if they are found in a dilapidated condition, the students rectify those kinds of issues promptly without any delay. Held this activity, we got a good deal of support from the superintendent of the hospital by welcoming us to renovate the dilapidated library as conducive for every reader in future who wishes to come there.
