REPORT ON WOMEN CELL SEMINAR (2) 2025-26

Date of Event : 14.11.2025

Faculties-in-Charge : Ms. Reni V Kalayil
Ms. Rejitha K Ravi
Dr. Jeena Antony

REPORT ON THE BREAST CANCER AWARENESS PROGRAMME

The Women Cell of Naipunnya Institute of Management and Information Technology organised a Breast Cancer Awareness Programme on 14th November, 2025 at Samveda (MBA Seminar Hall) in collaboration with Amrita Hospital, DDRC Agilus, and Asianet News. The initiative aimed to promote greater awareness on women's health, particularly the prevention and early detection of breast cancer. The programme commenced with a prayer song by Ms. Anjana M. Dev (III B.Com F B), followed by a welcome address by Ms. Theertha Suresh, President of the Women Cell, who highlighted the relevance of the session and encouraged active participation from the women fraternity of the institution. Rev. Fr. Dr. Paulachan K.J, Principal and Executive Director of NIMIT, delivered the felicitation and appreciated the Women Cell for organising a meaningful and socially committed programme.

The technical session featured distinguished medical experts who shared valuable insights on breast cancer awareness and women's health. The speakers included Dr. Lekshmy R, Associate Professor and Lead Consultant in the Breast Imaging Division and Interventional Radiology at Amrita Hospital and Dr. Nikhil Krishna Haridas, Associate Professor in Medical Oncology at Amrita Hospital. They discussed important topics such as early warning signs, self-examination methods, lifestyle factors, genetic risks, and the importance of timely screening and treatment. Their presentations were informative, practical, and empowering, enabling students and staff to gain a deeper understanding of breast cancer and the steps that can be taken for prevention and early intervention. An interactive Q&A session followed, allowing participants to engage with the experts and clarify their doubts.

The programme concluded with a vote of thanks delivered by Ms. Seethalakshmi N.R (III B.Com F B), who expressed gratitude to the resource persons, management, faculty, and all participants for their wholehearted support. The event witnessed enthusiastic participation from undergraduate and postgraduate students, as well as teaching and non-teaching staff, with notable attendance from second-year students despite their semester break. The Women Cell extended sincere appreciation to Amrita Hospital, DDRC Agilus, and Asianet News for their collaboration. Overall, the programme successfully achieved its objective of spreading awareness, fostering informed discussions, and empowering women with essential knowledge on breast cancer and general health.

RESOURCE PERSON'S PROFILE

Photo of the resource person

Name: Dr. Lekshmy R,
Designation: Associate Professor & Lead Consultant, Breast Imaging Division & Interventions Radiology, Amrita Hospital

Profile: Dr. Lekshmy R is an Associate Professor and Lead Consultant in the Breast Imaging Division and Interventional Radiology at Amrita Hospital. With extensive expertise in breast imaging, diagnostic radiology, and image-guided interventional procedures, she plays a key role in early cancer detection, patient counselling, and advanced radiological interventions. Dr. Lekshmy is known for her commitment to women's health and her contribution toward creating awareness on breast cancer prevention and early diagnosis. Through her academic involvement and clinical excellence, she continues to guide patients with compassion while actively promoting evidence-based medical practices in the field of breast imaging.

Photo of the resource person

Name: Dr. Nikhil Krishna Haridas
Designation: Associate Professor & Specialist in Clinical Haematology, Stem Cell Transplantation, and Medical Oncology, Amrita Hospital , Kochi

Profile: Dr. Nikhil Krishna Haridas is an Associate Professor and a highly qualified medical professional with expertise in Clinical Haematology, Stem Cell Transplantation, and Medical Oncology. He holds an MBBS, MD in General Medicine, Dr, NB in Medical Oncology, and is a member of prestigious international and national medical bodies, with credentials including MRCP (UK) in Medical Oncology and MNAMS. With strong clinical experience in managing a wide range of hematological disorders and cancers, Dr. Nikhil is dedicated to delivering evidence-based treatment with a patient-centred approach. His work spans advanced cancer therapies, stem cell transplantation procedures, and hematological research, making him a valuable contributor to the field of oncology.
