Department of Commerce
Peer Teaching (Session 2)

Date of Event: 31-10-2022 to 06-12-2022

Faculty in Charge: Ms. Mini Joshy

Peer Teaching

The peer tutoring involves students helping each other to learn and grow. Peer teaching offers some important benefits for learners and instructors alike. Being taught by a peer can break down barriers that may affect some students and can create a more engaging learning experience. One of the benefits of peer teaching is that it can have a positive effect on students' attitudes about what they're learning and the learning process in general. It can help peer tutors to gain confidence and sharpen their skills.

Understanding these values of peer teaching/learning, the Department of Commerce organized Peer Teaching sessions for the fifth semester students. Peer teaching was arranged before the fifth semester university examination

Procedure:

- Revision classes in view of Internal examination were conducted in peer teaching mode.
- Subject teachers identify advanced learners in that particular subject. These students would be the peer tutors.
- Subject teachers train the advanced learners to effectively act as peer tutors in a particular topic.
- Two hours were utilized for peer teaching.
- Subject teachers monitor the peer tutoring process.
