## Report of Students who supported Flea Up Angamaly

Flea side up is a program that was conducted by the ROTARY CLUB OF ANGAMALY to support the pain palliative care unit of Angamaly. Rotary International is an association of Rotary clubs worldwide. It's made up of more than 35,000 Rotary clubs in over 200 countries and geographical areas. The members of these autonomous clubs are called Rotarians, and they form a global network of 1.2

million business and professional leaders, all volunteering their time and talents to serve their communities and the world. Individual Rotary clubs, in turn, belong to the global association called Rotary International. As a part of extension activities, NIMIT participated and supported by taking 2 stalls and provided 6 students as volunteers for the program. One stall for essential items and one stall was an extension of the Friday market which usually is conducted in the college premises.

The ED club in association with the PG department of commerce trained and allocated 12 students for various supportive posts for the exhibition. NIMIT alumni Elsa was among the organizers of the event. Second year students of the ED club were assigned with the duties and Elsa along with Joseph James (ED Club coordinator – NIMIT) guided them.
