REPORT

Report on Career Guidance:

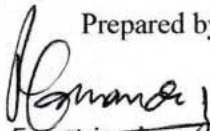

A career guidance workshop was organized by the Department of Hotel Management, Naipunnya Institute of Management and Information Technology, Thrissur. On 22.11. 2022. It was an offline event conducted in the college from 9:30 am to 1:00 pm. The event was conducted to motivate and educate the students to plan their success and create their future.

The basic purpose of career guidance was to acquaint the students with their occupational choices. It was a process that involved the work demand and potential of the students. Once they know about it, life decisions can be taken in a better manner. The aim behind career guidance was to equip the students with the skills and resources to reach the heights of any profession. It was seen most of the students opted for placements yet few of them wanted to explore their career or Higher education in a foreign country. Thus, the department took an effort in educating the student's opportunities in both higher education and job opportunities.

Participants:

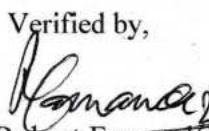

The participants for the event were all the final year students of the Department of Hotel Management. The session began with a very interesting and interactive session by the speaker Mr Rohan Asher from University College Birmingham was the resource person for the day, followed by a very effective question and answer session where most of the students asked a question and cleared their queries about job opportunities. It was a fruitful session with full participation and enthusiasm. The students had various concerns and confusion about what was next in their work- life balance, job security, mental health, job security etc. Mr Rohan Asher was able to communicate with each student and boosted their confidence to kick-start rating their career. It was a very energetic and motivational session. There was a positive outcome in the students post the session
