## Peer Teaching

Student-led teaching has long been regarded as a useful ancillary educational method. It is also a valuable tool in the development of aspects of professionalism in student tutors and contributes to a sense of community within the student body. First year M.Com student was invited to be the peer tutor for second year B.Com students. The benefit of peer teaching is that it can have a positive effect on students' attitudes about what they're learning and the learning process in general. It can help peer tutors to gain confidence and sharpen their skills.

Students of II B. Com Computer Application were the peer learners.

### Procedure:

- Two hours were utilized for peer teaching.
- Subject teachers monitor the peer tutoring process.
