The PG Department of English in association with the NIMIT library organized an activity called 'Moving Library' at Devamatha Hospital, Koratty with a view to replenishing a good number of books, magazines, Journals, newspapers donated to the library of hospital. The utmost intention behind this deed is to create a culture of reading among the patients in order to get rid of their anxiety, stress, and mental illness on their various diseases. Mental fitness is just as important as physical fitness, and shouldn't be neglected. Including mental dexterity exercises into your daily routine can help you reap the benefits of a sharper mind and a healthier body for years to come. This exemplary gesture was able to be done with the tireless assistance get from Head of the Department of English, faculties, and librarian of NIMIT by collecting used books, journals and magazines which are installed in the hospital's library. The students and the concerned faculty in charge frequently visit the library of Hospital, cross-check the arranged books, if they are found improperly, the students rectify those kinds of issues promptly without any delay. Held this activity, we got a good deal of support from Sister Mary, Assistant director of the hospital to have made the hospital library as conducive for us to go ahead with this enterprise.
