### CONCEPT NOTE

Globalization is mostly reckoned as creating interconnections by bringing together asymmetrically located individuals into a single cultural site. However, its very essence of homogeneity gets problematic when we analyse these individuals as disparate social actors engaged in diverse social processes pertaining to their immediate surroundings. The relevance of redefining the relations/differences between the two terms, global and local becomes crucial and mandatory in this altered context. In essence there is no global but an incoherent structure characterized by ruptures or incongruities; there is no local but a fluid space that simultaneously constructs and is constructed by discursive practices.

Recent scholars introduce the word "region" to move away from this scepticism posed by the two terms - global and local. Region as such is conceived as an assemblage of multiple space-times. It is also viewed as a social and discursive site involved in the production of modernities, thus to bring out the oft-hidden power and standard hegemonic practices involved in the idea of the universalist notion of modernity. This seminar attempts to understand the latent historical and contextual elements in modernity and simultaneously tries to expose the multi-layered acts that contribute to the effect of development camouflaged as modernity.

### ABOUT THE COLLEGE

Naipunnya Institute of Management and Information Technology (NIMIT), is a premier professional training institute in Kerala, offering a multidisciplinary, research-focused, and student-centric set of courses at undergraduate and postgraduate levels under the University of Calicut. Set in a scenic location with cutting edge infrastructure, NIMIT is one of the best institutions of its kind in South India that aims at the professionalism, discipline, and overall holistic development of our students. From its very inception, the goal of NIMIT is to become recognized for the quality of its vocational training and creative endeavours that mould and motivate youngsters to tap into their potential, face the future challenges, and fulfil their dreams and aspirations.

Naipunnya Institute of Management and Information Technology (NIMIT) managed by the Archdiocese of Ernakulam - Angamaly was launched back in 1998 as a vocational training centre addressing the needs of the people around the campus. NIMIT was formally inaugurated on 3 June 2002 as an affiliated college under the University of Calicut. Within a short span of time, NIMIT emerged as a much sought-after educational institution, quickly attaining the status of centre of excellence. Today, NIMIT has spread its wings, with a college at Cherthala in the district of Alleppey and public schools at Edakkunnu and Thrikkakara. In 2004, NIMIT was granted the ISO 9001:2008 (upgraded to 9001:2015) certification for exemplary standards in education and student training. In 2019, NIMIT was accredited by NAAC with B++ grade.
