Report on Institutional visit program

The institutional outreach program is organized by the first and second year UG students of NIMIT. A list of institutions is allotted to different departments and in accordance with that, the coordinators plan and organize social services for all the class. An institution is allotted for each class for all the four semesters. The class has to conduct at least an activity in a semester in this allotted institution. The practice of doing outreach programs in the allotted institution is specifically called Institutional Outreach Program.

After completing 3 years of Institutional Outreach Programs in 23 institutions by extending social services, a decision was made to visit these institutions. The program for the academic year 2021-2022 concluded after taking feedback from the allotted institutions. The objectives of the outreach program were accomplished. A team including management team members Fr. Jimmy Kunnathoor and Fr. Anil Antu, NAAC coordinator Ms. Bini Rani Jose, Outreach coordinator Ms. Reni. V. Kalayil and PRO Mr. Gladson George visited 11 institutions on the 30th and 31st of March 2022. They interacted with the institution in charge and the inmates and gave a gift box to each institution.

Observations during the visit

Sl.N o	Name of institution	Remarks
1	St Alphonsa sadan; South Kidangoor	Well established institution. There is no much requirement needed in this institution. Can conduct entertainment programs for the children in the institution.
2	St Alphonsa Vocational Centre;	It is a vocational training center. Construction work is going on in the institution. They are providing vocational training for the differently abled persons. They make soap, soap powder, dish wash and so on. If we can market their products at our Friday market, it would be beneficial for them. As an NGO we can take up this initiative.
3	Snehasadan special school, Pothiyekara	They are interested to do some paintings and art work on their walls. The students who are good at drawing can take up this initiative. Toilet construction is also going on there. We can be financially helpful in this initiative.

4	Nirmala Bhavan Home for Aged & Destitute Old age home , Karimaaloor	The institution is too far away from our college and it would be difficult for us to travel. They are in need of cleaning detergents. Well established.
5	Chavara Special School , Varappuzha	Well established special needs school. Long distance from our college. No much requirement.
