The Commemorative Days

Every year, a range of events occur around the world to remind humans and bring people together around universal ideals with the aim of promoting peace and security in the world and stepping up efforts to promote intercultural dialogue, education for all, respect for human dignity, freedom of expression, and gender equality for sustainable development.

The Commemorative Day's celebrations and the observation of significant days facilitate the students to be aware of its significance and impact. It raises consciousness of world issues, supports in preserving and remembering historical occurrences and aids in the celebration of global heritage, nature, and culture. Keeping in mind "National/International Days" and to recognize significant events in human history and existence.

Most of these important days are celebrated with various events or competitions by different departments, cells or clubs. Few of these days were taken up by the commemorative team with special mention in the Common Assemblies and publishing the flyers in the various social platforms

Commemorative Days Celebrated in our campus by the various Departments/clubs/cells during 2022-23 were as follows
