REPORT

The Training Department provided Skill Enrichment Program (SEP) for the third year students of the 2022-2023 batches. The educational resources and learning experiences provided by enrichment program to the students were all designed to help them succeed in college and in their professional life. Students benefit from the opportunity to try new things and learn new things while also improving their skills in their chosen sectors of expertise.

Students in their final year received hands-on practice, applying what they had studied in their first and second years. Sessions were provided on all the aspects needed to ace an interview such as effective communication, body language, dressing, grooming, group discussions, resume preparation and mock interview. Based on the performance, students were awarded STED Council certificates. 300 students were eligible for the certificate during the academic year 2022-2023
