REPORT

The Rebuild Mission Biryani Fest was successfully organized by Naipunnnya Institute of Management and Information Technology, Pongam, as part of their initiative to ensure proper housing for a deserving student in need. The event aimed to raise funds for the construction of a house through the sales of delicious biriyani to the college community and staff. The Biryani Fest was held on 27th October 2022 at the college campus. The fest offered delicious biriyani to the attendees, with each plate priced at Rs. 120/-. The entire amount collected from the sales, was dedicated to the Rebuild Mission fund to support the construction of the student's house.

The biriyani was prepared by the students of the Department of Hotel Management. Participants who wished to enjoy the biriyani were required to place their orders in advance. Each participant was provided with a coupon as proof of their order. On the day of the event, those who had placed orders were requested to present their coupons to collect their food packets. The core coordinators of the Rebuild Mission ensured the smooth functioning of the fest. They supervised the distribution of food packets to the students who had placed orders, and also delivered orders placed by the teachers to their respective staff rooms.

The Biryani Fest turned out to be a grand success. We managed to raise a total profit of Rs. 47,503/-, which has been credited directly to the Rebuild Mission project fund. Naipunnnya Institute of Management and Information Technology is committed to continuing its efforts to support the Rebuild Mission and provide proper housing for the deserving student. Future fundraising events and activities will be organized to achieve this noble objective.

The Rebuild Mission Biryani Fest was not only a delightful culinary experience for the college community but also a significant step towards ensuring a better life for a student in need.
