## Music Club, Naipunnnya Institute of Management and Information Technology

### Annual Report for the year – 2023-2024

The year 2023-24 was a year which signified a complete return to normalcy from the catastrophe which unfolded in the past 2 years. It is also a very significant year as Naipunnnya aims to scale new heights like autonomy. NIMIT aims at the professionalism, discipline, and overall holistic development of our students. The Institute is unique in its approach towards professionalism, whereby even those from the lower economic strata get a platform to forge their skills and potentials. There are a good number of clubs which make the campus lively such as music club, dance club, arts club, entrepreneurship development club, etc.

The Music club at NIMIT ensures that all those members in the club will get one or more chances to participate in all musical events conducted at college. The Music Club aims to nurture the talent in every student and provide a conducive environment for mutual learning. In addition to this, the club encourages students to take part in competitions held outside the campus.

The music club has participated in many internal and external events. It is very clear that the music club has managed to instill confidence in the students. It is with immense pleasure that we speak about the performances by the music club in chronological order
