Circular

Be-Hub aims at bringing a positive behavioral change in each student through the concept of associative learning. Habit of the month of October is "Apology and Forgiveness", we believe that a culture of saying sorry and forgiving can make our campus even better. Let's all join in, learn together, and promote a culture of understanding, and collectively create an environment where mutual respect and forgiveness are valued.

REPORT

Be-Hub's objective is to instill positive behavioral changes in students by utilizing the principles of associative learning. It acknowledges that by encouraging students to adopt simple yet healthy actions on a daily basis, these actions can evolve into habits within a month and eventually become integral to their character. Each month, a new healthy habit is introduced on campus, and students who consistently practice these habits are identified from every department. These exemplary students are rewarded on a monthly basis as the top performers, with selection criteria clearly outlined based on the habit of the month.

The habit of the month of October was "Apology and Forgiveness," which was continued in the month of November. We believe that a culture of saying sorry and forgiving can make our campus even better. The positive vibe challenge introduced with the habit was to identify the batch who demonstrated a positive attitude and a commitment to applying apology and forgiveness. This initiative was welcomed wholeheartedly and showed a positive impact on the lives of many. The third year BCA batch was identified as the best performer through voting and was acknowledged.
