Date of event: June 2023-March 2024

Faculty In-charge: Ms. Rajani Stanley

REPORT

The Training Department administered the Skill Enrichment Programme (SEP) for third-year students in the 2023–2024 academic batches. The programme aimed to equip students with educational resources and diverse learning experiences, strategically designed to lead them to success both in college and in their careers. Through this initiative, students had the chance to explore new concepts, acquire additional skills, and enhance their expertise in their respective fields.

Final-year students were provided with practical, hands-on opportunities to apply the knowledge gained during their initial years of study. Comprehensive sessions covered essential aspects crucial for excelling in interviews, including effective communication, body language, dressing etiquette, grooming, group discussions, resume preparation, and simulated interview scenarios. STED Council certificates were awarded to students based on their performance in these sessions, recognizing their proficiency in these vital skills. Notably, a total of 448 students demonstrated eligibility for receiving certificates during the academic year 2023-2024.
