**Faculty In-charge: Ms. Vandana C H**

## REPORT

The Student Guru program is designed to empower senior students by providing them with the opportunity to teach and mentor their junior peers. This initiative aims to enhance the presentation and tutoring skills of senior scholars while also benefiting junior students through peer learning. Under the program, senior students lead sessions in junior classes, with subject teachers present to provide guidance and support. By participating in the Student Guru program, students gain valuable teaching experience, improve their communication skills, and foster a sense of responsibility and leadership. Additionally, junior students benefit from personalized instruction and guidance from their more experienced peers. Overall, the Student Guru program promotes a collaborative learning environment and facilitates the development of both academic and interpersonal skills among students.
