REPORT

Old age home visits provide a supportive environment for elderly individuals who may require assistance with daily activities. It is a place where senior citizens are well taken care of with proper nutrition and diet. In addition, they are provided with healthcare facilities such as a general checkup, proper diet and timely medication. In India, this is a new concept and many children are adopting it emulating the West. With modernization and busy schedule of the young generation, old age homes are significantly increasing. The students of II B.A. English visited Kripa Sadan old age home, Karayamparambu as a part of their outreach activity. The visit scheduled on 12 June 2024 aimed to extend care and support to the elderly. The students interacted and entertained them with a variety of programmes. They distributed snacks and fruits to them. The students were provided with an opportunity to listen and learn from the experiences shared by the inmates. This visit was an enriching experience for the students.
