**Circular**

Beginning on August 05, 2024, a two-week peer teaching program will be offered to the fifth semester and third semester B. Com students. This program is initiated with the purpose of supporting our students who require additional support in different subjects.

Learners having difficulty in studying Income tax and Accounting for Management, Corporate Accounting and Basic Numerical Methods papers could attend the peer teaching - learning sessions.

Fr. Dr. Paulachan K.J  
Principal

### Peer Teaching/Learning

Peer teaching program was initiated with the purpose of supporting our students who require additional support in different subjects. The peer to peer network acts as the first line of support for students. Peer teaching offers some important benefits for learners and instructors alike. Being taught by a peer can break down barriers that may affect some students and can create a more engaging learning experience. One of the benefits of peer teaching is that it can have a positive effect on students' attitudes about what they're learning and the learning process in general. For peer tutors, the experience can deepen their understanding of the subject and impart confidence.

Understanding these values of peer teaching/learning, the Department of Commerce organized a Peer Teaching –Learning program for the students of fifth semester.

#### Procedure:

- Slow learners and advanced learners in Income tax, Accounting for management, Basic Numerical Methods and Corporate Accounting were identified by the subject teachers on the basis module test results and class participation.
- Advanced learner from various classes were the peer tutors.
- Peer tutors are given training by the subject teachers.
- Classes were provided for a period of 8 days.
- Test was conducted.

Prepared by,

Ms. Mini Joshy

Coordinator – Peer Teaching
