REPORT

The Student Guru initiative, a student-led teaching program, offers senior scholars the opportunity to engage in teaching their juniors, thereby enhancing their presentation, communication and tutoring skills. Under this program, senior students were invited to conduct sessions in junior classes, with subject teachers present to supervise the process. Scholars from each department actively participated, delivering well-organized and engaging lessons within the designated dates. The initiative fostered a collaborative learning environment, allowing senior students to share their knowledge while gaining valuable teaching experience. It also contributed to strengthening the bond between students of different academic levels, promoting a culture of peer learning and mentorship across the institution.
