REPORT

In our interconnected world, language proficiency plays a crucial role in shaping a student's future. Among the plethora of languages, English has emerged as the global lingua franca, breaking down barriers and facilitating communication across borders. Spoken English is essential for effective communication in a globalized world, enabling people from different backgrounds to connect and collaborate. For school students, the ability to speak English fluently is not just an academic skill; it is a gateway to countless opportunities in education, career, and personal growth. A strong command of spoken English enables students to articulate their thoughts, ideas, and emotions precisely, both in the classrooms and beyond. The PG and UG students of the PG Department of English conducted spoken English classes for the Class III students of Panchayath LP School, Koratty from 07 November 2024 to 6 March 2025 as a part of the extension activity of the department. It provided the student instructors with invaluable experience in the actual teaching and learning environment and experiment with the art of teaching. The classes proved to be beneficial both for the students attending the classes and the student instructors.
