Remarks: Appreciation to the classes for the conduct of Meraki involving the two classes. I am also happy to note that the teachers made sure that everyone has a work to complete. Even though it wasn't particularly formal or professional throughout, we had some students who kept the audience interested. There is definitely room for improvement, especially for students in the English Department where communication skills in English should be excellent. Many students should take advantage of opportunities to improve this aspect of proper pronunciation & speech fluency. I appreciate the show & hope the next show is even better.
