Report of Friday Market – III Sem B.com B (An initiative under Earn While Learn)

Objective: To give an exposure to students with regard to real business experience through actual earnings.

Introduction

On 30th August 2024, the III Semester B.Com B class successfully organized a Friday market. The students brought a variety of homemade food items, including chicken pockets, Gulab jamun, mango slice pickle, halwa, peanut candy, peanut balls, black sesame balls, cornflakes candy, chana pepper masala, white sesame balls, banana chips, and more. Under the expert guidance of Mr. Joseph James and Ms. Malavika, the event was meticulously planned and executed.

When the break time began, there was a significant rush of students and teachers eager to sample the diverse and delicious offerings. The students at the stalls ensured that everything was handled with the highest standards of hygiene, further encouraging purchases. The combination of affordable prices and mouth-watering items made the event a tremendous success, with many faculty members also participating in the sales.

The enthusiasm of the buyers, coupled with the quality of the products, led to a complete sell-out. The profits were shared among the participating students, acknowledging their hard work and dedication. The Friday market was not only a financial success but also a significant learning experience, providing practical insights into marketing, customer service, and teamwork. The day concluded with a strong sense of accomplishment, marking it as a standout event of the week and a model for future endeavours.
