REPORT

On 14 June 2024, an impactful awareness session on blood donation was conducted for the students and residents of Ward 11, Koratty Grama Panchayat. Organised as part of the World Blood Donor Day observance, the session aimed to educate the local community on the significance of voluntary blood donation and to dispel widespread myths and misconceptions surrounding the practice. The programme witnessed active participation from both students and local residents, reflecting a shared interest in promoting health and social responsibility.

Health experts and resource persons delivered informative talks covering key topics such as donor eligibility criteria, safety measures followed during blood donation, and the vital role played by blood banks in saving lives during medical emergencies. The session also highlighted how a single unit of donated blood can benefit multiple patients through component separation.

An important highlight of the session was the introduction of plans to establish a college blood bank unit, encouraging students to register as regular voluntary donors. The announcement was met with enthusiasm, and several attendees came forward to pledge their willingness to donate blood. The event served as a meaningful step toward fostering a culture of compassion, civic responsibility, and community engagement through the life-saving act of blood donation.
